

Club Meeting – Feb 5, 2019

Fargo Air Museum - members and guests present - 12

Checking - \$4971.79

Savings - \$2285.56

TOTAL - \$7257.35 Haven't paid property tax yet

AGENDA

- Training – President Ryan Johnson thinks we should beef up our training materials and procedures.
- Instructors – We should train and designate some instructors if we are going to be trying hard for new members.
- Recruitment and retention – Ryan thinks we maybe only have 25% of RC pilots in the area in our club. Looking for ideas to draw them into our club. Membership has been lagging last few years. We want to focus on both recruitment and retention.
2018 = 58 members
2019 = about half so far
- RC Class for Moorhead Adult Education – 13 signed up already. \$10 each. 10-12 am, 9 am for set up. We will have the gym for flying. General overview of RC. Breakout sessions. Simulators. Flying.
- Ideas for improving our presence at the Fargo Air Sho (with USAF Thunderbirds) this year
 - Make our exhibit more visible. The Flex Seal trucked us last year so only half the people saw us on the way in. Lets try to get a location that is visible to all coming into the show.
 - Additionally, let's try to use flags or a model on a tall pole (perhaps with streamers on it also) to let people know where we are.
 - Besides hand outs, some kind of give away would be nice, like a paper airplane with instructions or similar.
 - Some type of hands on is always good, like the simulators. Or maybe gliders that we can let people toss in our area.
 - Do a slide show of flying and fun flies.
 - Get a generator to use
 - If we do flying, we need to work with FAA 90 days in advance.
- Dennis showed part 1 of the Osh Kosh DVD. Wow it was really impressive. Thanks Dennis.

2019 Officers

President – Ryan Johnson

Vice President – Dean Gary

Treasurer – Paul K

Secretary – Ron Landman

Safety – Dick V

Member at large – Ken L, Mark P
